

SCREENDOLLARS SPOTLIGHT

Presented by Angel Studios

ANGEL + ANGEL CINEMA NETWORK

At Angel, our mission is to Amplify Light through stories that inspire, uplift, and matter. The Angel Guild puts the audience at the heart of what we do, with 2.8 million members helping decide which stories Angel tells and supports. Every project is voted on before it's greenlit, so the films that reach theaters have already been chosen by the people who will show up for them.

The Angel Cinema Network brings our exhibition partners into the mission. Built for theater managers and their crews, it's an ongoing program that gives teams new ways to get involved with every Angel theatrical release — creative promotional challenges, film-specific campaigns, and prizes worth competing for. The work your staff is already doing now earns them something more.

Every campaign is built around the film it supports. And we like to make it fun.

For *Solo Mio*, The Angel Cinema Network participants competed for the chance to win a **trip to Italy**, with the winner receiving a special shoutout from the film's star, **Kevin James**.

For *Young Washington*, The Angel Cinema Network participants competed for a Founder's Washington D.C. Expedition, a Surveyor's

National Parks Experience, and a Soldier's Camping Kit, with the top three finishers taking home the prizes.

Through the *Runner* Angel Cinema Network campaign, exhibitors can take part in title-specific promotions, bring their own creativity to the work, and compete for rewards — all while helping more moviegoers discover the film. Grand prize: an Aventon Aventure.3 e-bike and an iPhone 17, plus a \$500 donation to the winner's children's charity of choice.

After *Runner*, we have ***Angel and the Badman*** — 1st, 2nd, and 3rd place prizes: a Yellowstone Wild West Adventure for two, a

Smokehouse Cowboy Package, and an Ultimate Western Gear Package.

The Angel Cinema Network runs across Angel's theatrical slate all year, with new campaigns and prizes accompanying each release. At its core, The Angel Cinema Network is about strengthening the partnership between Angel Studios and the people who bring our films to audiences every day: **our exhibitor partners and theater teams**.

Together, we can champion great stories, have some fun along the way, and continue to Amplify Light — one Angel release at a time.
